With the request for an owner change I surrender all rights to the domain names specified above to the new owner. Furthermore I will remove possibly existing nameserver entries for these domains. In the course of the cancellation of the domain names I lose all rights to use in accordance with the guidelines of the respective registry. After successful cancellation the domain names are free to be registered again.

The new owner accepts **123domain®** – ingenit GmbH & Co. KG's common terms and conditions as well as the registration rules of the respective top level domains. If further forms are necessary for an owner change we will sign them and send to 123domain.eu timely. I have acknowledged the costs of an owner change and the old / new owner (please mark) will bear them.

The operating time for this procedure amounts to approx. four to ten working-days.
